Citizens of Wilson County;

There is a light at the end of the tunnel and it is getting nearer. More and more people that are wanting to get vaccinated are getting vaccinated. The percentages are getting higher every day. In our area more than half of the eligible adults have been vaccinated. In older adults the percentage is higher than that.

Still not everyone that wants to be vaccinated has been. There is a walk up clinic from 1:30 pm to 3:00 pm May 3rd at LaVernia Chamber of Commerce Hall on US Highway 87 south of LaVernia. This will be the Johnson & Johnson one shot vaccine. If there is a good response and need for more clinics they will be scheduled for the next week at the Wilson County Expo and Community Center. Connally Memorial Medical Center is offering vaccinations with Moderna vaccine from 9:00 am to 3:00 pm on May 6, 12, 18, & 25 at 495 US Highway 181. If you know someone who has not had the vaccine and wants to get vaccinated, then please inform them of these times. If you know someone that has had difficulty scheduling an appointment let them know these are walkup clinics. If they need assistance please help them.

Let's all do our part and prepare to get Wilson County back to normal, get to the point where you are comfortable being in the public and around people. If that means getting a vaccination then please go to a clinic and get vaccinated. If you choose not to get vaccinated and are prepared to be in the public, this is how it will be with you (I do encourage everyone to get vaccinated). The goal I have is for everyone who wants to get vaccinated gets vaccinated, then we can roll back the carpet and get back to normal life.

Don't be the holdup for everyone resuming a normal life, take the precautions you feel you need to and let's move forward.

Wilson County Judge
