Citizens of Wilson County;

DO NOT FORGET TO GET YOUR FLU SHOT. I am saying this because I was asked by Healthcare Officials to remind everyone to get the flu shot. They want everyone to be immunized from the flu in case there is another surge in COVID-19 cases, the hospitals will not be overrun with both Flu and COVID-19 cases.

I was hoping by now this mess would be over with, but it is like the Energizer Bunny it just keeps on going. I look forward to the day there is a vaccine. This does not mean the virus will be eliminated entirely, but at least there will be a preventive for those who choose to use it. To some people this will be a blessing, a prayer answered. To others the skepticism will prevent people from having the confidence in the vaccine to the extent they will not get immunized, leaving a part of our population vulnerable to contracting the virus thus keeping it active. Please be diligent and keep the masks on and keep social distancing. We will get passed this, hopefully sooner than later.
