

WILSON COUNTY OUTDOOR BURN PROCEDURES DURING A BURN BAN

ALL BURNING MUST BE DONE IN THE UNINCORPORATED AREAS OF WILSON COUNTY (NOT WITHIN THE CITY LIMITS OF ANY MUNICIPALITY).

All burns must follow the TCEQ Outdoor Burn Regulations for Texas and Wilson County Burn Ban Procedures.

All burns other than these **Exceptions (Firefighter Training, Fires for Cooking, and *Domestic Waste Burning*)** must be permitted through the Wilson County Health & Public Safety Office during a BURN BAN.

Exceptions:

- **Firefighter Training** must be done by a Fire Department.
- **Domestic waste**—in other words, household trash or rubbish—may be burned. To qualify for this exception, the waste must
 - Come from a property that is
 - (1) designed to be a private residence and
 - (2) used exclusively as a private residence for no more than three families.
 - Be burned on the property where it was produced. For example, kitchen garbage, untreated lumber, cardboard boxes, packaging, clothing, grass, leaves, and branch trimmings.
 - Be burned in a barrel with a means of controlling sparks and embers from leaving the barrel (screen or grate), with a way of controlling and keeping the fire from spreading and
 - Be monitored during burning by an adult with a means of extinguishing the fire.
- **Cooking Fires** should be done using caution, with a way of controlling and keeping the fire from spreading and monitored during burning by an adult with a means of extinguishing the fire and other burns as required by the Outdoor Burning Regulations of Texas

All other burns will be subjected to the permitting process.

To receive a permit to burn:

Call the Wilson County Health & Public Safety Office at (830) 393-8503 Press 1 for Burn Permits, during normal business hours (8 AM -1200 noon and 1 PM - 5 PM) on the business day before you would like to burn.

Weekends and/or Holidays burn permits must be obtained on the business day before the Weekend and/or Holiday between 1:30 PM and 4:30 PM. (The Fire Weather Forecast Information by the National Weather Service for weekends is posted between 1:30 PM and 3:30 PM Daily).

WILSON COUNTY OUTDOOR BURN PROCEDURES DURING A BURN BAN

Before a burn permit is issued this information is required:

- Who:** What is the Name of the responsible party doing the burn and a phone number at the burn site where the responsible party can be reached.
- What:** What you are burning.
- Where:** What is the Address where the burn is being done.
- When:** What Time do you want to start the burn?
- How:** How are you going to control the fire and keep it from spreading?

Requirements When there is a BURN BAN

- Begin burning no earlier than 1/2 hour after sunrise and no burning is allowed after dark
- Burning must end the same day
- A responsible party must be present while the burn is active, flames are visible and/or the fire is progressing.
- Winds must be from 6 to 10 mph during the burn period.
- Burning during temperature inversions or air stagnation advisories is prohibited.
- Begin or continue burning only when wind direction and other weather conditions are such that smoke and other pollutants will not present a hazard to any public road, landing strip, or navigable water (e.g. lake, river, stream or bay) or have an adverse effect on any off-site structure containing "sensitive receptors."
- Post someone to flag traffic if at any time the burning causes or may tend to cause smoke to blow onto or across a road or highway.
- Keep fires downwind of, or at least 300 feet (90 meters) away, from any neighboring structure that contains sensitive receptors. *This requirement may be waived only with the prior written approval of whoever owns or rents the adjacent property and either resides or conducts business there.*
- *No burning in Subdivisions except for the Exceptions allowed.*
- *Agricultural burning is required to have a Burn Permit.*
