

DFAS HELPFUL TIPS & TOOLS FOR RETIREES NEW TO RETIRED PAY

Pay Schedule

Retired pay is paid monthly, on the first day of the month, unless that day is a weekend or holiday. In that case, it is paid on the last business day of the prior month. For example, if May 1 is a Sunday, payday will be Friday, April 29.

Our goal is to pay your **first retired pay** on the first business day of month **following your retirement date**. However, we can only do that if we receive a complete retirement package, including a correct, signed DD Form 2656.

Retiree Account Statements

You are used to seeing a Leave and Earnings Statement (LES) when it's (almost) payday. Once you begin receiving retired pay, you will see a **Retiree Account Statement (RAS)**, which is the equivalent of an LES for those receiving military retired pay.

Your Retiree Account Statements will be available to view and download from myPay when your first retired pay is issued and then each month a few days prior to payday.

When your retired pay account is established initially, and your first payment issued, DFAS will mail you a welcome letter with a breakdown of your pay and deductions. However, depending on your first pay date, you may see your pay deposited in your bank account before your postal mail letter gets there. You may also see your first RAS in myPay before you get your postal mail letter.

After that first RAS, if you set the preferences in your account to receive statements via postal mail, you will only receive a mailed monthly RAS if your pay changes. You will also receive a mailed RAS each January with your tax statement. However, your pay statements are available each month in myPay to view and download.

Tax Statements

After you start receiving retired pay, your annual tax statement will be an **IRS 1099-R** instead of a W-2. Your annual 1099-R will be available in myPay to view and download, usually in mid-to-late December.

If you have the preferences in your account set to receive statements via postal mail, those statements are mailed no later than January 31 of each year, along with your December RAS.

Military Retired Pay Taxation Tips

Military retired pay is paid for many different reasons under many different laws. There are differences in the types of pay a military retiree might receive and the tax laws that apply to them. Whether a portion or all of an individual's military retired pay is subject to federal income taxes depends on his/her individual circumstances.

A military retiree can either use myPay or send an IRS Form W-4 to change the amount DFAS withholds for federal income taxes from their military retired pay.

An individual's choice to have no withholding for federal taxes does not impact whether the individual's military retired pay is actually subject to federal income taxes. Ultimately, the IRS will determine the amount of taxes owed on the military retired pay.

Please note: the IRS requires any individual claiming exemption from federal withholding to provide a new Form W-4 at the beginning of each tax year certifying their exemption from withholding.

DFAS cannot provide tax advice. Please consult a tax professional or the IRS.

Separation Pay

If you received separation pay during your military career, it must be recouped upon retirement, either by VA, DFAS, or both.

DFAS: up to 40% of adjusted gross pay (Adjusted gross = gross pay, less any mandatory deductions)

VA: full net pay until separation pay recouped
(Net pay = amount deposited)

VA Waiver, CRDP, CRSC

By law, VA disability compensation must be deducted from DoD retired pay. This is called the VA waiver.

Concurrent Retired and Disability Pay (CRDP) and Combat-Related Special Compensation (CRSC) can lessen the effect of the VA waiver.

Survivor Benefit Plan (SBP) and Reserve Component Survivor Benefit Plan (RCSBP)

SBP/RCSBP provides an income to your loved ones after you pass away. While drilling or active, RCSBP or SBP premiums are paid by DoD. When you received your 20-Year Notice of Eligibility (NOE) you had the opportunity to elect RCSBP or defer that election until you applied for retired pay.

- SBP or RCSBP monthly premiums are deducted from retired pay or from CRSC.
- Even if you filled out a 2656-5 or 1883 when you got your NOE, you still need to fill out a DD 2656.
- If you did not defer your election, your RCSBP election at NOE takes precedence when retired pay begins.

- If you've had life changing events during the Gray Area, provide copies of relevant documents (e.g., death certificate, divorce decree) to your Branch of Service when submitting your retired pay application.
- If you did not fill out and return a 2656-5 or 1883 when you got your NOE, AND your NOE date was Jan. 2, 2001 or after, AND you had a spouse or child on your NOE date, by law you will be charged for RCSBP coverage when you retire.
