**COUNTY OF WILSON**

**BID NO. 26-1002**

**Bulk Gasoline and Diesel Bid**

**To all known Respondents on the above referenced Bid:**

**We have received the following questions regarding the Bid. In response to the inquiries the following information is provided.**

- 1. Question: Do you need a quote to purchase tanks and then a fuel price separately OR do you need a fuel price that includes the fuel tanks being loaned to you for use?**

**Answer: We would like the fuel price and the tank price separated out, you will see on the bid submission form where to include only the fuel and a separate section for only the provided tank.**

**Precinct 1 that does not own their fuel tanks so if a new vendor is selected for this Precinct we would need the stated tanks in the bid packet provided to his yard at 142 FM 53, Floresville TX 78114.**

**We are not looking to purchase fuel tanks, just to be supplied with them if awarded the bid.**

- 2. Question: What fuel tank specs do you need?**

**Answer: 12 volt and double wall.**

- 3. Question: Do you have a link to the local codes?**

**Answer: We do not have any specific local codes for Wilson County to install fuel tanks, but we would need to follow all state required codes.**

**4. Question: On the fuel products, do you happen to have the estimated usage or previous year's usage?**

**Answer:**
